

When purchasing lithium-ion battery-powered devices, be sure to look for products that are listed or safety certified by a nationally recognized testing laboratory to ensure they meet important safety requirements.

Countless products sold online do not meet these critical safety standards.

# TAKE CHARGE

OF BATTERY SAFETY

## HANDLE DEVICES WITH CARE.

Follow the manufacturer's instructions.

[batteryfiresafety.org](https://batteryfiresafety.org)

- Only use the **charging** equipment that comes with the product.
- Do not modify the battery or the **charger** in any way.
- **Charge** larger devices (such as eBikes) outside the home – and never in your exit path.
- Do not **charge** larger devices overnight.

Store batteries away from extreme temperatures, direct sunlight, exits, and anything flammable.

RGE

OF BATTERY SAFETY

**ALWAYS STAY ALERT  
FOR WARNING SIGNS.**

## TRUST YOUR SENSES

Check battery-powered devices often for damage or abuse such as **swelling or punctures**.

**Watch** out for excessive heat or a strange odor.

**White or gray wispy smoke** indicates immediate danger of thermal runaway.

Listen for **unusual hissing or popping** sounds.

**If you notice any of these warning signs, stop  
using the lithium-ion powered devices.**

# TAKE CHARGE

OF BATTERY SAFETY

**RECYCLE DEVICES AND BATTERIES PROPERLY.**

Responsibly dispose of old or damaged batteries and devices by taking them to the nearest battery recycling center.

Visit [www.earth911.com](http://www.earth911.com)

to find a location to properly dispose of any items.

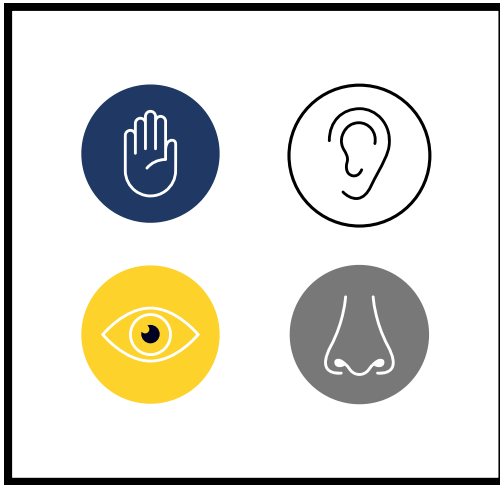

**Never discard batteries, chargers, or battery-powered devices in regular trash bins.**

[batteryfiresafety.org](http://batteryfiresafety.org)

# TAKE **CHARGE** OF BATTERY SAFETY

**GET OUT QUICKLY IF THERE'S A FIRE.**

**KNOW THE WARNING SIGNS TO  
LOOK AND LISTEN FOR AND GET  
OUT IF YOU SEE OR HEAR ONE.**

[batteryfiresafety.org](http://batteryfiresafety.org)

**Follow your home fire escape plan to leave  
immediately and call 9-1-1.**

## **Working smoke alarms saves lives**

Install smoke alarms on every level of your home, including every sleeping room and outside of each sleeping area.

## **Know two ways out**

Identify two ways out of every room. Consider how to accommodate anyone in your home who has a disability.

## **Have a meeting place**

The meeting place should be visible from the road so that first responders can easily see you.

**GET OUT, STAY OUT | Do not go back into the burning building, even for pets.**

# TAKE **C.H.A.R.G.E.** OF BATTERY SAFETY

**EDUCATE OTHERS ON BATTERY SAFETY.**

Now that you know what actions to take, **EDUCATE** and **SPREAD THE WORD.**

**PROTECT** your friends and loved ones by **SHARING** how they can **Take C.H.A.R.G.E. of Battery Safety.**
